1. Aims

This policy aims to ensure that:

- › Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- › Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

2. Legislation and guidance

This policy reflects the requirements of the [Education Act 1996](#).

It also based on guidance provided by our local authority.

This policy complies with our funding agreement and articles of association.

3. The responsibilities of the school

KPJS is compliant with its responsibility to educate pupils who cannot attend school.

3.1 If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

This may include sending work home in hard copy form, online resources and advice. Hard copy work can be posted or collected by family members. The work will be monitored by the school; in most cases by the class teacher. Parents can seek further support by contacting the school. On the pupil's return to school, reintegration may require an altered curriculum for a short term or a mix of school and online work. All medical advice will be followed.

3.2 If the local authority makes arrangements

If the school can't make suitable arrangements, Harrow LA will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school will:

- › Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- › Share information with the local authority and relevant health services as required
- › Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully
- › When reintegration is anticipated, work with the local authority to:

- Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
- Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
- Create individually tailored reintegration plans for each child returning to school
- Consider whether any reasonable adjustments need to be made

4. Monitoring arrangements

This policy will be reviewed annually by KPJS. At every review, it will be approved by the full governing board. The DfE advises that you review this policy annually.

5. Links to other policies

This policy links to the following policies:

- › Accessibility plan
- › Supporting pupils with medical conditions
