

Children in need

By Mahi and Arnav

How we raised money?

- We raised the money by having a cake sale.
- We also raised money by having a dress up like a teacher day.
- Which meant teachers had to dress up like children and children had to dress up like teachers.
- On the following Monday we had another cake sale to raise more money.
- We raised roughly £800.

Why we raised money for children in need?

We raised money for children in need as we wanted to help the children that are not as lucky as us.

We thought it would be kind for us to help the hurt or poor people by raising money for them.

What happened to the money?

- The money that was raised was sent to the children in need charity , which helps the children that can't afford loads of stuff that helps them to live.
- We hoped it would help them and give them a chance of having a better life.
